2020

87%

Courses

- PCMB

### AISSE

Auxilium Girls' School, Agartala

2018

95.8%

## PERSONAL PROJECTS

### Sales Project (01/2023 - 02/2023)

- In this project, I have summarized the sales trends of a hardware company, AtliQ in a dashboard. This project consists of large datasheets of transactions, products, markets, data, and customers' records. I have worked on these datasheets using MySQL and Tableau to create a dashboard showing total sales, sales quantity in a span of the given years, other market trends, and a graphical representation of the final sales amount concerning each quarter from early 2017 to late 2020.
- Tools used- MySQL, Tableau
